## The Passenger Seat

**DEBRA STONER**  
**NEWSLETTER EDITOR**

I joined Mike on a drive this fall through Hocking Hills, thanks to a conveniently planned family reunion. As usual, Mike had the top down, chasing those perfect curves and corners—and, as usual, he wasn't disappointed. Hard to believe, but after 47 years of marriage, I still don't share his enthusiasm for winding roads. I'm more of a point-A-to-point-B type. To be fair, I've been driving the same 400-mile route to my parents' home for over 50 years, so I've had plenty of time to perfect it!

We're actually quite similar—Mike drives to improve his lap times at the track, and I aim to improve my time on that same 400-mile route. The difference? I have to do it within the legal speed limit. That often means skipping the biological and snack breaks. Thankfully, the Diesel Cayenne can make the trip on one tank—because, let's face it, pit stops ruin your time.

Like Mike, I have to stay alert for anything that might slow me down—cars, trucks, or the dreaded stopped traffic. No black or yellow flags for warning; I rely on Google Maps as my spotter. Then comes the big strategy call: do I bail off I-70 and take Route 40, or stay the course?

At least I get to finish an entire book during my runs—well, “listen” to it. Reading is definitely not recommended while driving.

In the end, getting there is only part of the fun. Happy Fall, enjoy the leaves, and be safe—whatever your version of “driving enjoyment” looks like!

Treffen May 2021 in Arizona, beautiful scenery, lots of straight roads!

**Everyone loves a good discount, but when it comes to one of the biggest transactions of your life, are you willing to trust just anyone?**

You may have heard...

Discount agents have a reduced listing fee.

You may not have heard...

This means they'll need to (somehow) make up for the lack of commission in volume. You could find yourself in the hands of someone with little experience and resources, and accessibility and support could be very limited.

---

**When you're ready to buy or sell your home, you need an agent that is qualified, knowledgeable and will give you the attention you deserve.**

#### Sixth Sense

Negotiations are inevitable. You need a pro who can anticipate what's coming and has your back.

#### Nose like a Bloodhound

Although a discount agent can present an idea of what homes are out there, they may not know about hidden gems. Like the soon-to-be-available or the for-sale-by-owner, RE/MAX® agents work hard to track down the unnoticed.

#### Native Tongue

Want to know the statistics on a desired neighborhood? Or the details on a particular school? RE/MAX® agents have the best secrets only a local would know.

#### Steady Hand

Each state plays by its own rules. You want an expert who knows how to (and spends the time to) dismantle obscurity, so your deal doesn't fall through the cracks.

#### The Tool Belt

Virtual home tours. The user-friendly mobile app. A few well-timed dad jokes. The RE/MAX® agent is always prepared with the highest quality arsenal.

# FUN DRIVE

By  
**Mike Stoner**  
**MORPCA Vice President**

Fall is here, and our event calendar is starting to ease up after a busy season. Drive & Dines have been especially popular, and our Third Thursdays drew great crowds—especially at a couple of exciting new venues. We also took part in several charity events and wrapped up two successful HPDEs.

As the cooler weather settles in and some cars head to the garage for winter, we still hope to see many of you at our upcoming Trickle Charge sessions and the Annual Holiday and New Member Dinner which will be in January 2026.

That said, this is your club, and we welcome your involvement in shaping it! There are several ways to get engaged without a big time commitment—moderating our Facebook page, joining the Great Drives Committee, writing for the newsletter (or simply sharing photos and experiences), volunteering at a driving event, or even leading a group of cars in a Drive & Dine. We're also looking for recommendations for a tax accountant to hire to prepare our annual

Form 990 next year for 2025—if you know someone who fits the bill, please let us know.

Lastly, 6 veteran HPDE drivers spent a long weekend at VIR (Virginia International Raceway) in very rural Virginia. The attached photo excludes Dave Stetson who left early with some mechanical demons and needed to visit a friend in NC who was having recent health issues. The weather was beautiful for the last weekend in October. The track is long, fast and technical. The camaraderie was fantastic, the driving was fun and challenging, and the drive back and forth was filled with colorful leaves! I would like to see MORPCA identify a track event at a “foreign” track (non-Mid-Ohio) each year and try to organize a group from MORPCA to attend together. It's always more fun with friends!

## **MORPCA - Social Activities** **By Melinda & Frank Todaro**

### **October 16, 2025 – Final Third Thursday at Meyer Shank Racing**

What a fantastic finale to our 2025 Third Thursday season! Over 100 members gathered at the impressive Meyer Shank Racing facility in Pataskala, Ohio, for an evening packed with horsepower, innovation, and stories from the racing world.

Our host, **Matt Swan**, General Manager of MSR, welcomed members and offered a behind-the-scenes look at their top-tier racing operations. From meticulously prepped Indy cars and fabrication bays to the work-out area, pit stop practice zone, and towering car haulers, every corner of the facility buzzed with energy and precision. Matt also shared fascinating insights into the sheer scale and teamwork required to field a competitive IndyCar effort—an eye-opening look into the high-stakes world of professional racing.

Members even got a close-up view of one of the cars used for **wind tunnel testing**, a rare treat that highlighted the blend of science and passion driving MSR's success.

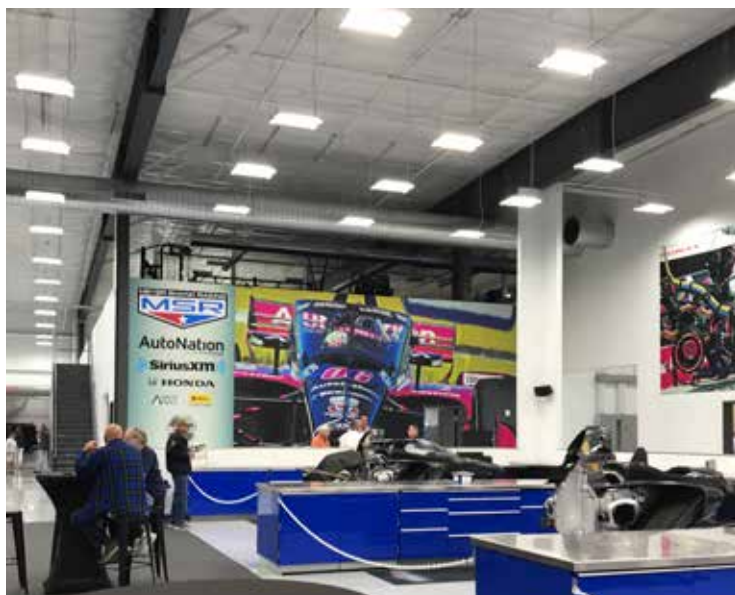

**A big thank you to MORPCA member Todd Walker** for making the introduction that opened the door to this amazing experience.

It was the perfect way to wrap up another great season of Third Thursdays.

**Next up: our New Member Social and Holiday Party on January 10, 2026, at The Boat House at Confluence Park. Mark your calendars—emails and invitations will go out at the end of November!**

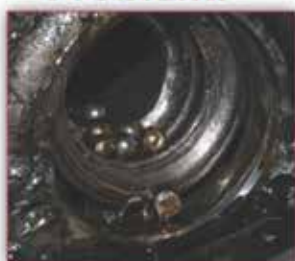

## Drive and Dine

By Jose Isern

Our **Drive & Dine** series wrapped up another fantastic season with record participation and great memories! The final outing of the year drew **72 members in 44 cars** for a beautiful day of driving through the winding roads of Hocking Hills, followed by good food and even better company. Thanks to everyone who joined us throughout the year—your enthusiasm keeps these drives such a highlight of our club calendar!

## Luftgekühlt 11 – Or Adventures in Trailering

By: Gary Hickman

Photos: Julie Hickman

When Luftgekühlt\* announced its 11th event would be in Durham, North Carolina, this fall, Julie and I were excited—especially since I have family in nearby Raleigh. Last year, we'd stumbled into Luft 10 while visiting our daughter in Los Angeles, so this time we decided to apply officially with our 1976 911 Carrera Sondermodell. After weeks of waiting, we were thrilled to be accepted just before Labor Day weekend.

To prepare, I scheduled an inspection at Auto Assets, which revealed a possible oil leak near Cylinder #3. With repairs uncertain and time running out, we were advised not to drive it long distance. That set off a scramble for a trailer—no easy task! After striking out on transporters and borrowing options, we rented a U-Haul toy hauler. Of course, the car didn't fit; the side rails were too tall. Detail Pro kindly stored the 911 overnight while I ran to Home Depot for lumber to raise the trailer floor. The next morning, with some creative help (and a few cardboard boxes), we finally got the car loaded and hit the road by 11 a.m.

The F-250 rental handled beautifully on the drive south. We arrived in Durham just after 7 p.m. and were greeted by a cheerful group of MOR members heading out to dinner—always great to see familiar faces after a long haul. Friday we scouted the venue, unloaded the car, and prepped for our 7 a.m. load-in.

Saturday's show was worth every bit of effort. Parked near the main entrance off Blackwell Street, we spent the day meeting Porsche fans from across the country. One mechanic said he'd never seen a Sondermodell in person; another thought ours was modified until Julie explained it came from the factory that way—his excitement was contagious. We also caught up with Harry Hoffman, the Vaswanis, and a few surprise MORPCA visitors.

It was a fantastic weekend of cars, people, and shared passion—**and proof once again that it's not just the cars, it's the people that make this club so special.**

\* Luftgekühlt refers to the specific generation of Porsche vehicles that used air-cooled engines, from the 1948 356 to the final 993 models produced in 1998.

## Treffen At Sea - 2025

Jose and Kathy Isern recently joined the Treffen at Sea – 70th Anniversary Cruise, sailing in and out of New York City with ports of call in Boston, Massachusetts; Portland, Maine; Saint John; and Halifax.

Jose attended several PCA seminars, including Tag Heuer's Timekeepers of Legends and Porsche Motorsports Legend with Alwin Springer. Meanwhile, Kathy had a delicious time in the chocolate decorating class—crafting solid chocolate Porsches!

Jose also entered the Porsche Die-Cast Concours at Sea, where creativity was on full display. The dioramas were impressive—though we're not sure how many extra suitcases it took to bring them aboard!

In Halifax, the Acadia Region hosted a scenic driving tour featuring an all-electric Macan. Evenings were filled with top-notch entertainment including The Temptations Show, Do You Wanna Dance, and a glamorous Formal Night. Kathy enjoyed some of the land excursions, a concourse and Fort Williams Park in Maine, the Lighthouse.

**All in all, it was a fun-filled trip with fellow Porsche enthusiasts, and Jose and Kathy highly recommend experiencing a Treffen at Sea for yourself!**
